

## Number of papers in Q1 journals 2016 - 2019

	2016	2017	2018	2019	SUM
Q1-ARTICLES	<b>148</b>	<b>138</b>	<b>162</b>	<b>149</b>	<b>597</b>
A1+A2 papers	238	226	251	246	961
	62 %	61 %	65 %	61 %	62 %

Table is based on data from the 2018 edition of Journal Citation Reports. A journal may belong to 1-5 different JCR-categories and may therefore have different Q-values in those categories. In this presentation an article is interpreted as an Q1-article if a journal has a value of Q1 at least in one of its JCR-category.

Peer-reviewed scientific articles:

A1: Original research article in a scientific journal

A2: Review article in a scientific journal
